

Test Jack Panel

TJ-327-02D

TJ-327-02D Test Jack Panel w/2 327C Jacks

Application:

The TJ-327-02D Jack Panel provides access to (2) two independent Tip/Ring circuits using standard frame cords (Dual 327 to Protector). It conveniently mounts along the vertical side of the MDF. Connections are made to a terminal block at the rear of the unit. For additional frame cords, see page 2.
